

Pear Tree Cottage

Attached are the directions and entrance details for your stay in Pear Tree Cottage

Please note: Pear Tree Cottage is the cottage on the right as you look at the two cottages from the car park area. It may sound silly but you would be surprised how many people book a certain cottage and then try and access the wrong cottage lock box and I get a phone call to say the code won't work!

The cottage will be ready from 3pm for you on your day of arrival and we kindly ask if you could leave by 10am on the day of departure so we have time to get the cottage ready for the next arrivals. You do not have to physically check in with ourselves as the key is in the lock box so please arrive any time after 3pm to suit yourselves.

Just to confirm included in your cottage is bed linen, towels and tea towels for your stay. All kitchen and bathroom essentials are included. i.e. kitchen roll, dishwasher tablets, washing up liquid, cloths, bin bags, toilet roll, soap. There is salt, pepper, vinegar, oil, tomato and brown sauce in the cupboard for your use

There is a welcome book at the cottage with information in regarding the Wi-Fi code etc. If you would like to receive an electronic copy before your arrival please let me know and I can forward one on to you

Regarding the directions to the cottage. If you input HR1 3DD into your sat-nav it only brings you part way down the lane you need to read the final paragraph of the directions to find the cottage. We also recommend you text the lock box code to your own mobile number just in case you forget the entrance details.

Please could you let me know you can read and download the attachments especially the check in details with the lock box code and how to use the lock box

If you have any other questions please do come back to me

Regards

Laura
